Hi Dan,

Sorry I missed you guys last week. Joe Lewandoski, our Public Information Officer, said there was a meeting up in Silverton. I assume it was to go over some of the results collected last summer and to talk about plans for this summer. I wish I could of gone but it was a moot point - I was in the field that day anyway. I am still planning on fish sampling at the A72 and Elk Creek wye sites this late fall and an investigation of the fish population up towards Animas Forks this summer. Thanks for passing along the BERA report. I shall read it with interest!

Jim

Hi Jim

I neglected to put you on the distribution list in case you are interested in some light reading. Hope all is well.

Hi All

The draft Animas River BERA is available for download at the link below. Enjoy.
